REQUEST TO APPROVE DRAWING CHANGES

RECEIVED

Commissioner for Patents  
Washington, D.C. 20231

APR 10 2003  
Technology Center 2600

Sir:

Applicant hereby requests approval of the changes to the drawings as noted in red ink on the attached drawing sheets. The changes in Fig. 2 are intended to incorporate changes required by the Examiner in co-pending application Ser. No. 09/676,127. In Fig. 4B, the reference number "180" from the box labeled "5-wire or 7-wire touch screen connected" has been eliminated. (The reference number 180 is used elsewhere in Fig. 4B.) Also, in connection with the same box, the second line extending from this box has been eliminated. (The eliminated line does not show any logic flow as is apparent from the discussion of Steps 174, 178, 180 and 182 in the specification.) The changes in Fig. 9 are intended to simplify the depiction of the features illustrated in Fig. 9. Approval for the requested changes is respectfully requested.

Respectfully submitted,

Date 4/2/03
